Thank You for Your Support!

Thank you for your support! With all of the choices available, we appreciate you choosing our Endless Summer® Florida specialty plate over all of the others. With your support, we can continue to make a difference by supporting Florida's beaches and assisting other non-profit organizations in their missions. For a list of the organizations that are recipients of our grants, please visit: www.preservesurfingbeaches.org.

Upcoming Events

Surfing's Evolution & Preservation Foundation will be attending the 32nd Annual NKF Surf Festival, taking place at the Cocoa Beach Pier, this year. The event dates are September 2 – 4, 2017. Be sure to stop by to say hi and to pick up some goodies. For more information on this event, please visit: www.nkfsurf.com.

SPOTLIGHT ON:

Special Olympics Florida

Surfing's Evolution & Preservation Foundation is committed to supporting the Special Olympics Florida surfing program. The Special Olympics State Surfing Championship will be held on Saturday, September 16, 2017 at Alan Shepard Park, 202 E. Cocoa Beach Causeway, Cocoa Beach, FL 32931. Special Olympics is a global movement of people creating a new world of inclusion and community, where every single person is accepted and welcomed, regardless of ability or disability. They are helping to make the world a better, healthier and more joyful place.

If you, or someone you know, would like to participate in Special Olympics as a volunteer, a coach, or an athlete, please check out www.specialolympicsflorida.org to find your local program. For athletes, their programs open a gateway to achieve empowerment and acceptance. For the coaches and volunteers, there is nothing more inspiring and rewarding than the joy seen on the faces of the athletes.

TIPS TO MAKE A DIFFERENCE ON OUR BEACHES!

- Use reusable bags and containers to bring snacks.
- Bring a trash bag with you and make sure you use it.
- Bring an extra trash bag with you to pick up any litter you may find.
- In your everyday life, switch to reusable water bottles, instead of single use bottles.
- If you have pets, pick up after them.
- Don't smoke! Cigarette butts are one of the leading pollutants on beaches.
- Encourage those around you to do their part in keeping our beaches clean.
- If you are permitted to have bonfires, don't burn your debris; it will go straight into the sand and, eventually, into the ocean.
- Say no to straws!
- Teach your children to love and respect our beaches and to leave only footprints so future generations may continue to enjoy the sand between their toes, clean water to swim in and discovering the amazing marine life in our lakes, rivers and oceans.

BE A PART OF THE INTERNATIONAL COASTAL CLEANUP THIS FALL

The annual International Coastal Cleanup will be happening this fall. Established by the Ocean Conservancy, the world's largest single day cleanup is a worldwide event designed to clean our waterways and to bring attention to the issue of debris in our oceans. To get involved, check with the beach cleanup organization in your county, or go to www.oceanconservancy.org.
